COSMETOLOGY

Students will demonstrate their skills in haircutting, hair styling and long hair design in four separate tests. All work is performed on mannequins, so everyone begins with the same model and the same type of hair. Contestants will create one 90-degree women's haircut, one woman's cut, and one man's cut from a finished photo. A display of creativity is seen in the long hair segment of the competition where these future salon professionals demonstrate their own design skills. A parade finale closes the contest with each contestant walking down the stage with their completed mannequins to present to the audience.

The SkillsUSA South Carolina Championships follow the current edition of the SkillsUSA National Technical Standards. These are available to professional members (advisors and teachers) following membership registration. Please check the State Updates that will be posted as received by the Technical Chairs related to changes to the competition related to state level competition.
